**NOTICE-AND-ACCESS**

You are receiving this notice as Source Energy Services Ltd. (the “Company” or “Source”) is using the “notice-and-access” provisions under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (the “Notice-and-Access Provisions”) to send meeting materials for its Annual General Meeting of Shareholders (the “Meeting”) to Source’s holders of Common Shares and Class “B” Shares (the “Shares”) who hold such shares in the name of a broker or an agent (“Beneficial Holders”). Source has elected not to use the notice and access model for shareholders who hold their Shares in their own name (“Registered Holders”). The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing an issuer to post its information circular in respect of a meeting of its shareholders and related materials online. Notice-and-Access is more environmentally friendly as it will help reduce paper use and our carbon footprint and it should also reduce our printing and mailing costs.

Instead of receiving printed copies of the notice of the Meeting, the Management Information Circular (the “Circular”), the audited consolidated financial statements of the Company for the year ended December 31, 2018 and management’s discussion and analysis thereon (“Financial Information”) (the Circular and Financial Information collectively, the “Meeting Materials”), our **Beneficial Holders are receiving this notification containing information on how to access the Meeting Materials electronically.** Together with this notification, Beneficial Holders continue to receive a proxy or voting instruction form, as applicable, enabling them to vote at the Meeting. We also provide paper copies of the Meeting Materials to Beneficial Holders who have standing instructions to receive, or for whom Source has otherwise received a request to provide paper copies of materials.

Source is using procedures known as stratification in relation to its use of the Notice-and-Access Provisions. In relation to the Meeting, Registered Holders will receive a paper copy of each of: (i) the notice of the Meeting; (ii) the Circular; (iii) a form of proxy; and (iv) the Financial Information.

As is set forth in “*Business of the Meeting*” section on page 2 of the Circular dated March 14, 2019 that has been prepared for the Meeting, and the proxy or voting instruction form which accompanies this Notice-and-Access Notification, the business of the Meeting is as follows:

<b>Business of the Meeting</b>	<b>Refer to Circular</b>
1. Receive and consider the financial statements of the Company for the year ended December 31, 2018 and the auditor’s report thereon;	
2. Fix the number of directors of the Company to be elected at the Meeting at seven (7);	<b>Page 9</b>
3. Elect the directors of the Company for the ensuing year;	<b>Pages 9-25</b>
4. Appoint the auditor of the Company for the ensuing year and authorize the Board to fix the remuneration of the auditor; and	<b>Page 26</b>
5. Transact such other business as may properly be brought before the Meeting or any adjournment or postponement thereof as ordinary business.	

**Beneficial Holders are reminded to review the Circular carefully before voting as the Circular has been prepared to help you make an informed decision.**
